SUBJECT: NSC Meetings

We have an NSC meeting scheduled for Monday with no subject. I like to be prepared for meetings, but if we don't have the subject of the meeting a working day ahead of time, then there is no way for us to be prepared.

If we cannot get a schedule the preceding Thursday so we can prep it on Friday, why don't we move NSC meetings to Tuesday, Wednesday or Thursday, instead of having the meeting on Monday.

Thanks.
