TO: Eric Edelman
CC: Steve Cambone
FROM: Donald Rumsfeld
SUBJECT: Lebanon

Thanks for your memo on your discussions with the US Ambassador to Lebanon.

I am concerned about Syria meddling in the affairs of the Lebanese government. It is not helpful, and I fully support getting some reasonable Security Assistance to the Lebanese Armed Forces, as well as engaging the government in a supportive fashion. On that note, I would favor a visit.

Please get with Steve Cambone on the issue of sharing intel with Israel.

Thanks.
