With respect to the NAC meeting on Friday:

1. My statement should be built off of the Rogers' statement at the NAC Ministerial and the two Kissinger press conferences and the statement that the President made publicly.
2. We should be ready to respond to a question as to whether or not the Athens' guidelines have been complied with.
3. The principles will be released in Washington at 3:30 p.m. Thursday. I should brief Thursday afternoon on that.
4. As to the Breshnev-Nixon trip generally, that will have to be briefed on after the meeting is complete.
5. As to the confidential matter, Kissinger will brief the NATO Ambassador's Friday morning in Washington. It will be announced Friday noon, and I am to brief the Council Friday morning.
6. I should tell Luns privately that Kissinger specifically requested me to fill him in.
7. I should probably talk to Peck privately before.
