TO: VADM Jim Stavridis

FROM: Donald Rumsfeld

D.A.

SUBJECT: Memo for POTUS

If possible, by Monday I would like to see a first cut of the presentation for the President on transformation - what we have done, how far along we are, and what we have done to institutionalize it, so it will be sustained after the end of his term. Then we will need to think through how we would like to present it to the President.

I would like to present it next week, if we can.

Thanks.
