Congressman Philip M. Crane
House of Representatives
Washington, D. C. 20510

Dear Congressman Crane:

Your letter of December 17, 1975 asked why the Request for Proposal on the AN/UGC-74 Program had been delayed and when it will be issued. The delay was to provide time to review and improve the solicitation. On a program of this magnitude, I am sure you would agree that it is particularly important that the Request for Proposal be clear and comprehensive. We now expect to issue the Request for Proposal later this month.

Thank you for your interest in this matter.

Sincerely,

A. P. Clement
